

Attention: Coffee and Hot Cocoa Lovers!

Each year, Friends of Hilltown (FOH) offers a bi-monthly coffee and hot cocoa fundraiser through a partnership with Dean's Beans.

Dean's Beans is locally owned and operated and provides coffee that is:

- Certified organic
- Kosher
- Shade grown
- Distributed in biodegradable bags
- Purchased from villages and importers practicing fair trade to promote better economic opportunity, health, and nutrition within those villages

Dean's Beans was the first company in the US to offer organic, fair trade hot cocoa! And if that all isn't enough, they even won the Business for Peace Award, so, you can feel really great about investing in a product that's also really delicious.

What do you have to do?

If you would like to order coffee or hot cocoa, please fill out the form on the HCCPS Portal and return it (along with your payment) to the "Coffee" folder in the office by the due dates below. Blank forms can be found in the office as well. The coffee and hot cocoa arrives on Friday of the following week and will be bagged and ready for pick up near the Family Corner.

Questions?
